Jos. P. Welde	5.00
Wilmer E. Leedom	25.25
Bal. in Bank	59.60
Total	$156.35

During the year we have had all dairies inspected from which the supply of milk comes into the Borough and have had all the milk tested at different times.

We have had several individual water supplies analyzed some of them were found to be unfit for drinking and in these cases we recommended the installation of the public water supply.

We also had the water furnished by the Hatboro Water Company, analyzed this was found to be all right except samples taken from the dug well which showed some oil.

With the co-operation of the Health Department at Harrisburg, we were successful in having the Hatboro Water Company cement the bottom of the Dug well to prevent oil from going into the water mains. We have also put a covering on the stand pipe.

Last spring a request was made through the Public Spirit that all old tin cans and other discarded vessels be removed or emptied of stagnet water to prevent mosquito breeding. This request was complied with and proved to be very successful.

The following are the Officers of the Board of Health, Dr. E. L. Smith, Pres., Wilmer E. Leedom, Secretary, and Howard Jarrett, Health Officer.

In order to meet the expenses of the Board for the ensuing year, we ask for an appropriation of $100.00

Respectfully submitted,
(Sgd.) Edw. L. Smith, President.
(Sgd.) Wilmer E. Leedom, Secretary.

The request for an appropriation of $100 was granted to be paid the Board as needed.

Mr. C. A. Keeble and E. J. Amber, Committee from Enterprise Fire Company No. 1, were present and gave Council detailed report as to the Condition of water mains and fire plugs in the Borough. Members present Jones, Wilson, Jarrett, Mason, Schaffer, Borough Treasurer Watson, Borough Officer Winner, Burgess Robinson and Street Commissioner Walmsley. The minutes of the previous meeting were read and approved.

LIGHT COMMITTEE - Mr. Fridey reported electric light service during the month satisfactory.

PROPERTY COMMITTEE - Mr. Schaffer reported having received an estimate from Harry Watson for painting Town Hall (two coats) of $160.00. This price was considered high and it was decided to defer the matter until fall.

STREET COMMITTEE - Mr. Wilson reported that no work had been done on streets during the month on account of their being unable to secure a steam roller. He stated that the roller was expected in a few days; when work would be commenced at once.

The question of repairing York Street was discussed and on motion it was decided that the Borough would furnish the material if the State Highway would do the repairing. The Secretary was directed to so advise Mr. Hunter of the Highway Department.

The Secretary reported having issued permit to open Moreland Avenue in front of Holman property. The Secretary also reported having received from the State Treasurer check for $11.19 being amount of return premium on foreign fire insurance. The Secretary was requested to again take up with Mr. High the matter of securing Deed of Dedication for Linden Street.

William Bussinger was present with reference to having Monument Avenue opened through the Seltzer property. On motion he was given this privilege with the understanding that the opening of same must be subject to the approval of the Borough Engineer and Street Commissioner and further that there would be no expense to the Borough.

The request from a number of residents of Penn Street to number their houses was received together with a plan showing numbers. Council directed the Secretary to inform them that same met with Council's approval and the Secretary was directed to so inform Mr. Ezra P. Carrell.

A regular meeting of Borough Council was called order by President Jones at 8.15 P. M. Members present Jones, Wilson, Mason, Schaffer, Jarrett, Stover, Borough Treasurer Watson, Borough Officer Winner and Street Commissioner Walmsley. In the absence of the Secretary Mr. Stover served in that capacity. The minutes of the previous meeting were read and approved with the correction that same pertaining to the repairs to Old York Road should read so that we accept the offer of the State Highway Department and also that the numbering of houses on Penn Street start one hundred (100) at Mill Avenue.

Tax Collector, John S. Leidy, was present and turned over to Borough Treasurer his check for $189.13, balance of taxes for the year 1917.

LIGHT COMMITTEE - Reported that service had been satisfactory during the month.

PROPERTY COMMITTEE - No report.

STREET COMMITTEE - Reported progress.

One Dollar was turned over to the Borough Treasurer for permit issued to William T. Bussinger to open Moreland Avenue opposite the E. Richard Holman property.

Letter was read from Samuel H. High with reference to the deed for Linden Street. Letter was read from the Philadelphia Suburban Gas & Electric Company and upon motion by Stover seconded by Schaffer it was agreed to pay in full their bill for $31.71 to which we had previously taken exception.

Mr. Walter Rothwell was present and asked Council for grade on Mill Avenue. On motion by Stover seconded by Wilson it was agreed that grade be submitted to the Borough Engineer; if agreeable to him it would be approved, otherwise special provision would be necessary. Mr. Rothwell also asked to have the name of Mill Avenue changed to Pennypack Terrace and was requested to submit a petition.

Mr. Rothwell further asked that an ordinance be passed requiring pavements on Mill Avenue from York Road to Warminster Street. On motion by Stover seconded by Mason it was decided to have ordinance passed requiring pavements to be laid on Mill Avenue satisfactory to the Borough Pavement Committee. Mr. Stephen Mason was added to Pavement Committee. Mr. Rothwell further asked that two (2) fire plugs be placed on Mill Avenue at the expense of the Borough. Action in the matter was deferred.

On motion by Schaffer seconded by Wilson the following resolution was adopted:- "Resolved that the President, Secretary and Treasurer of the Borough of Hatboro, be and are hereby authorized in behalf of the said Borough to Borrow One Hundred Twenty Five ($125.00) Dollars from the Hatboro National Bank, to pay bills now due and for which loan to make, execute and deliver a promissory note for this amount, payable on demand with interest at five (5) percent per annum and to affix the corporate seal thereto."

A letter was read from Joseph W. Hunter of the State Highway Department enclosing the proposed resolution; which resolution was passed agreeing to pay the $500 toward the repairing of York Road in the Borough of Hatboro.

R E S O L U T I O N

Resolved, That the Borough Council of Hatboro in regular session assembled on this 2nd day of June 1919, do on behalf of said Borough subscribe Five Hundred Dollars ($500.00) and grant permission to the State Highway Department of Pennsylvania to make temporary repairs on York Street, known as State Highway Route No. 155. Provided, however, that this action does not give the State Highway Department authority over this section of highway nor commit the State Highway Department to the future maintenance of said Street.

Approved this 2nd day of June, 1919.

A regular meeting of Borough Council was called to order by President Jones at 8.30 P. M. Members present Jones, Wilson, Jarrett, Mason, Fridey, Schaffer, Tax Collector Leidy, Borough Treasurer Watson, Borough Officer Winner and Street Commissioner Walmsley. The minutes of the previous meeting were read and approved.

LIGHT COMMITTEE - Mr. Fridey reported that electric light service during the month had not been satisfactory. Several lights had not been burning. The Secretary was directed to notify the Electric Light Company.

PROPERTY COMMITTEE - Made no report.

STREET COMMITTEE - Mr. Wilson reported that streets had been repaired and that all stone streets except York Street had been oiled. Mr. Wilson further reported that Mr. Warren Cressman of the Highway Department had called on him and that repairs to York Street would be made promptly. Letter was received and read from Joseph W. Hunter of the Highway Department acknowledging receipt of the resolution passed at the previous meeting agreeing to contribute Five Hundred ($500.00) Dollars toward the repairing of York Road. It was Mr. Wilson's understanding, however, in conversation with Mr. Cressman that the Highway Department would not require the Borough to pay this amount at this time, but would probably ask for it later.

Letter was read from Borough Solicitor High with reference to the deed of Dedication for Linden Street. Mr. George C. Yerkes was present and delivered this executed deed to the Borough. On motion it was accepted and the Secretary ordered to have same recorded. Mr. Yerkes offered to give a fifty ton car of stone if this street was macadamized. The matter was placed in the hands of the Street Committee.

Mr. Walter Rothwell and Dr. William Lentz were present and in-

formed Council that they had been unable to get a petition of the residents of Mill Avenue to have the name of the street changed to Pennypack Terrace, but that it would be done later.

Mr. William Muldrew, Borough Engineer, was present and informed Council that the grade on plan of property on the north side of Mill Avenue was not satisfactory. The matter was discussed at length, when on motion of Wilson, seconded by Schaffer, Mr. Muldrew was directed to proceed at once to give a grade for the north side of Mill Avenue, with the understanding that the respective property owners would be billed for the cost of same. President Jones agreed to take up the matter with Mr. High and have him prepare an ordinance authorizing the laying of pavements on this avenue.

Mr. Muldrew agreed to meet the Street Committee and Mr. Yerkes on Linden Street on Saturday, July 12th, at 2.30 P. M. to take up the matter of establishing a grade for this street.

Ordinance No. 106 authorizing the levying and collection of taxes for the year 1919 at the rate of eight (8) mills was passed on third and final reading and the Secretary was directed to have same properly advertised in the Public Spirit.

Warren M. Cornell

Secretary.

Hatboro, Pa., January 5th, 1920.

A special meeting of Borough Council for the purpose of organizing for the term of two years was called to order by President Jones at 9.10 P. M. Members present Jones, Jarrett, Wilson, Carrell, Yerkes, Schaeffer and Mason.

Howard Jarrett, Ezra P. Carrell and George C. Yerkes having been elected to serve as Councilmen for the term of four years, were thus qualified.

I do solemnly affirm that I will support and obey this constitution of the United States and the Constitution of this Commonwealth and that I will discharge the duties of my office with fidelity; That I have not paid or contributed or promise to pay or contribute either directly or indirectly, any money or other valuable thing to procure my nomination or election, except for necessary and proper expenses expressly authorized by law; That I have not knowingly violated any election law of this Commonwealth or procured it to be done by others in my behalf; That I will not knowingly receive directly or indirectly any money or other valuable thing for the performance or non-performance of any act of duty pertaining to my office other than compensation allowed by law.

Howard Jarrett (SEAL)
Ezra P. Carrell (SEAL)
Geo. C. Yerkes (SEAL)

Affirmed and subscribed before me this fifth day of January A. D. 1920.

Pemberton Boyer
Burgess.

A temporary organization was effected by electing William F. Wilson, Temporary Chairman and Warren M. Cornell, temporary Secretary.

The following nominations were made to fill offices for a period of two years.

Paul Jones for President.

Ezra P. Carrell for Vice-President.

Warren M. Cornell for Secretary.

O. T. Watson for Treasurer.

Samuel H. High for Solicitor.

R. E. Mason for Street Commissioner.

Frederick Pletscher for Janitor.

On motion the above named gentlemen were unanimously elected by acclamation.

On motion it was duly ordered that the fees and wages of all Borough Officers for the ensuing year be as follows:

Solicitor	$25.00 per year.
Secretary	$50.00 " "
Treasurer	$25.00 " "
Janitor	$50.00 " "
Burgess	$25.00 " "

The Street Commissioner to receive $10.00 per day for each double team and man, $4.00 per day for each laborer and $5.00 per day for himself.

It was further decided that in as much as the Borough paid the janitor for the entire building to bill both the Hatboro Loan and Building Association and the School Board $15.00 per year for janitor service.

It was decided to hold the meetings on the first Monday of each and every month at 8 o'clock P. M. same as heretofore.

Burgess Robinson informed Council that the services of Howard Winner as Borough Policeman had been satisfactory and he recommended his re-appointment. The Burgess also agreed to take the necessary steps to have a constable sworn in.

On motion it was agreed to appropriate to the Enterprise Fire Company the maximum sum of $300.00 as needed.

President Jones appointed his committees as follows:

Mr. Ezra P. Carrell made the following motion:- "Believing that the Borough of Hatboro is at the beginning of a phenomenal growth, and that it is not only our duty, but good policy as well to make provision that this growth may be along lines that will add to the beauty and utility of its public works.

Resolved:- That a committee of seven be appointed, which shall consist of three members of this Council, one of whom, and the Chairman of the committee shall be the President of the Borough Council, the Burgess of the Borough and one member of the School Board; these five shall select two citizens, who are not included in either of these bodies, who shall be real estate holders and this Committee shall constitute the Committee on Comprehensive Plans.

This Committee shall have for its work the preparation of comprehensive plans for the future development of the Borough in part as follows:-

1. The extension of the trolley as far as the Upper Bridge, if possible, before any extended improvement is undertaken on the York Road.

2. When the road shall be rebuilt, present plans for a uniform system of curbing and sidewalks for that street and to prepare a uniform system of sidwalks on all other streets.

3. Suggest regulations governing materials and construction of all sidewalks built on new streets and regulation of all rebuilding of old ones, and providing that no such rebuilding shall be undertaken without a permit from the proper authorities.

4. The establishment of a uniform building line on all streets before these new streets shall be accepted by the Borough; such provision to be incorporated in the deed of the property.

5. The drafting of a code of building rules, which shall have for its object better fire protection for the Borough.

6. Plans for water, gas and electric extension.

7. Plans for the widening of the bridge over the Pennypack Creek.

8. Provision for the future development of the Public School, if it is thought wise to enlarge, its location, and if it is thought wiser to change its location, suggestions as to condemnation proceedings. In this proceedure to consider the question of public park and play grounds.

9. The enlargement of the Borough lines, in such as way and to such an extent as to make the expense of such enlargement not a burden to the tax-payers.

10. The regulation of the taxation of real estate held for speculation.

11. Provision for the proper maintenance of vacant lots.

12. As far as possible, regulation of planting of shade trees along streets.

13. Adoption of a budget system for Borough expenditures."

The above motion was seconded by Wm. F. Wilson and the resolution was adopted.

Committee on Comprehensive Plans presented the following plans:-

SUGGESTIONS FOR BORO IMPROVEMENT

The Planning Committee Makes Report of Desirable Future Changes

The following is the plan presented to Borough Councils by the committee on Progressive Plans for Hatboro consisting of Councilmen Paul Jones, William F. Wilson, School Director George Stuart, Burgess Robinson, Thomas Reading, M. D., and C. J. Stover, representing the voters.

To the Councils of Hatboro,

Gentlemen:

Your committee on comprehensive plans having given due consideration to the plans suggested to this council, beg leave to submit the following to your honorable body, as follows;

Plan No. 1; The extension of the Trolley.

We recommend the early agitation of the extension of the trolley line to at least Monument avenue, while the time does not now seem opportune, we believe that the extension should be done before any extended improvement is done to the Old York Road by the State Highway Department.

Plan No. 2; When the York Road is rebuilt, to prepare a uniform system of paving and curbing for that street.

The maintenance of the York Road is one of the serious problems of our Borough. Two remedies are suggested for the solution. The first is to merge the Boro. into Moreland Township, and establish a first class township, or join with other boroughs in the state in securing legislation to remedy the injustice of placing the maintenance of these main roads upon the smaller boroughs. We recommend the latter course, and suggest the sending of a committee to the annual meeting of boroughs at Stroudsburg in June. When the York Road shall be rebuilt into a permanent highway, we suggest that the street committee shall make a thorough investigation of the proposition to curb and gutter York Street from Pennepack Bridge to Monument avenue, and confer with the property holders to that effect.

Plan No. 3; Regulation of building of sidewalks, and repairs.

After the adoption of these plans, there shall be no sidewalks built in the Borough except of concrete, flagstones of full width of the walk, and of a smooth surface, or of paving brick laid in not less than two inches of

of the times is for the population of the country to migrate to the towns, the proper encouragement of this tendency may be with mutual benefit. The isolation of the farm may be made less trying, and the towns benefitted by community association.

We suggest that the establishment of community buildings, and that the surrounding townships join with the school board in the erection of a high grade high school, in which all shall join in the erection, management and selection of a suitable site. As a further development of this plan we suggest that a system of macadamized roads leading to the community centre be devised, and the State Highway Department be interested in it. We further suggest that the scheme of development shall include play grounds in a central location, that the children shall not be compelled to use the streets as a playground.

Plan No. 9;—Straightening the Borough lines.

We recoommend the straightening of the borough lines, by extending the borough line along the Johnsville Road 650 yards more or less, to the line dividing the properties of Christian Tanner and Warren M. Cornell, and thence in a direct line northwest to the terminus of the present borough line on the County line.

Plan No. 10;—The regulation of the taxation of real estate held for speculation.

The holding of ground assessed as farm property, yet held for a raise in values, works an injustice to those who are compelled to bear the expense of the development of the borough, as well as a refusal to sell prevents the balanced development of our town. We suggest if such action is evident that the assessment shall be increased so that it may correspond with the surrounding properties.

Plan No. 11;—Care of vacant lots.

Many vacant lots are maintained in such a manner as to be an eye sore to the boro and to the detriment of adjoining properties. We recommend that any material dumped on vacant lots shall be levelled as soon as possible and that these lots shall be mown at least twice during the summer.

Plan No. 12;—Planting of shade trees.

Shade trees add much to the attractiveness of suburban towns, but they may by improper location become a nuisance, by destroying the pavements, and preventing the proper curbing of the streets. All new streets should have restrictions as to planting of trees, either they should have a space of not less than three feet between the curb line and outside line of the pavement, or they should be far enough within the property line so as not to interfere with traffic or street lighting. All streets should have a uniform tree line. Trees now planted and interfering with the pavements should have the roots on the pavement side removed at once and the pavements repaired.

Plan No. 13;—A budget system.

Council has already appointed a budget committee, who have perfected a plan.

Plan No. 14;—Development of civic pride.

The attractiveness of a town is in a great measure dependent on the pride which the individual property holder takes in his home and surroundings, for the development of this spirit, we suggest that prizes be awarded for the—

Most attractive square.

Best lawn.

Most attractive home, cost of property not to enter into cnsideration.

For the most attractive square, the prize to be honorable mention in the newspapers.

For the most attractive home, the prize to be $10.

For the best lawn, the prize to be $5.00. The money for the prizes to be taken from the borough treasury, as we feel that no cheaper advertisement could be had for the town. The judges shall be chosen from among the road commissioners of the surrounding townships.

be done before any extended improvement is done by the Old York Road Road is done by the Old York Road for the main highway Department.

Plan No. 2: When the York Road is rebuilt, to prepare a uniform system of paving and curbing for that street.

The maintenance of the York Road is one of the serious problems of our borough. Two remedies are suggested for the solution. The first is to merge the Boro. into Moreland Township and establish a first class township, or join with other boroughs in the state in securing legislation to remedy the situation of placing the maintenance of these main roads upon the smaller boroughs. We recommend the latter course, and suggest the sending of a committee to the annual meeting of Boroughs at Stroudsburg in June. When the York Road shall be rebuilt into a permanent highway, we suggest that the street committee shall make a thorough investigation of the proposition to curb and gutter York street from Pennypack bridge to Mohawk avenue, and confer with the property holders in that effect.

Plan No. 3: Regulation of building of sidewalks, and repairs.

After the adoption of these plans there shall be no sidewalks built in the Borough except of concrete, flagstones of full width of the walk, and of a smooth surface, or of paving brick laid in not less than two inches of cement. No new pavements shall be laid until the grade of street and walk has been given. All repairs to sidewalks, except of a minor character, shall be under the supervision of the committee of sidewalks.

Plan No. 4: The establishment of a uniform building line.

The establishing of a uniform building line presents so many difficulties that your committee does not feel able to make any definite suggestions, but rather, would suggest that your body work out a plan which shall prevent some of the present irregularities, or lack of plans in locating building operations. We suggest the consideration of the following facts. To have as far as possible a uniform building line on each street or square, to prevent any building to project beyond an adjoining property, and doing damage to his neighbor. On residential streets, no barn, stable, or garage, shall be erected within at least 10 feet of the established building line of that street. No new street shall be accepted by the borough unless it shall be first ascertained, and an established building line [illegible] that from the curb line, be incorporated in the deeds for the properties. It is manifestly unfair for the borough to be compelled to develop properties for the benefit of the promoter.

Plan No. 5: Drafting of a code of Building Laws.

We recommend the appointment of a committee on building rules, who shall prepare a code of building laws and rules, which shall include among others the following.

Regulation of foundations and construction.

Construction of flues and fire-resisting roofs.

Space required between buildings of frame construction.

Minimum size of framework for safety, etc.

We recommend the appointment of a building commissioner by council, who shall issue all building permits, and supervise all building operations. Any person interested in buying or selling property, or who is himself interested in building operations, shall be eligible for this office. Every permit issued shall have printed on it a condensed form of the Borough's building regulations.

These building permits shall be issued and the charge shall be as follows, the minimum charge shall be $2, on operations exceeding $1000, and less than $2000, $1.00 extra and $1.00 additional for each additional $1000 until $5,000, after which 50 cts. per 1,000 shall be charged. These fees shall be the salary of the building commissioner, all fees in excess of $250 per year shall be reported to the borough treasury. Rulings and decisions of the commissioner, shall at all times be subject to revision by council.

Plan 6:—Plans for water, gas and electric light extension.

The extensions of all these necessities of modern life are so essential that we feel that the borough should heartily cooperate with the property holders in securing these necessities.

Plan 7—Widening of the bridge over the Pennypack Creek.

We suggest the appointment of a special committee who shall take up the matter with the County Commissioners, and endeavor to have this needed work attended to in the near future, as long as the public school building is located in its present location, this bridge is a death trap, to which the children of the town are daily exposed.

Plan No. 8:—The development of the borough as a community centre.

We recommend that every effort be used to develop the borough as a community centre. The growing sent-

Secretary.

Hatboro, Pa., July 22nd, 1920.

At a special meeting of Town Council of the Borough of Hatboro held on July 22nd, 1920 the following resolution was unamiously passed:-

"WHEREAS this body and the Borough has suffered a profound loss by the untimely death of its President, PAUL JONES, who has served in that office for the period of ten years and has been a member of Town Council for the period of fourteen years, and a matchless record of unselfish devotion and efficient service. His superb qualities of manhood endeared him to our people and his readiness to serve made him a constant servant. Whatever promised the advancement of the town or promoted the welfare of its people appealed to him and found in him an instant help. With sorrow we commemorate the virtues of our distinguished associate and estimate our great loss. Be it Therefore, RESOLVED that a copy of this minute be published and communicated to the bereaved family."
